

We offer simple, complete systems that are seamlessly integrated to solve your measurement needs.

Our extensive, proven portfolio of Orion™ benchtop and portable meters delivers exactly what you expect:

- **Accurate, consistent results** – day after day
- Easy-to-use features that **maximise productivity and minimise training time**
- A wide selection of benchtop and portable meters **meet your specific application requirements and budget**
- Durable construction for **long product life**
- Modular meter designs for **maximum configuration flexibility and functional expandability** to meet your evolving requirements
- Our complementary family of leadership ROSS™ electrodes offering a complete solution with total confidence

For more than 50 years, we have been a driving innovator and global leader in liquid sensing technology that makes complex measurements routine, reliable, and accurate – in the lab, online and in the field.

Applications :-

PH
 ORP
 ION (ISE)
 CONDUCTIVITY
 TDS
 SALINITY
 RESISTIVITY
 DISSOLVED OXYGEN
 TEMPERATURE

Perfectly designed to work together
