

## Meter Accessories

Increase your productivity by adding accessories to your benchtop or portable meter.

### Benchtop Meter Accessories

Complement your benchtop meter with key accessories that make you more productive.

#### Stirrer Probes

Uniformly mix solutions using five selectable stirring speeds with the meter-controlled Orion Star stirrer probe. Designed to be easily positioned and quickly rinsed between samples. The stirrer probe is included with benchtop electrode stands.

Our premium Versa Star benchtop meters can stir two probes simultaneously, so you can measure your samples faster.

#### Meter-Attached Electrode Stand

Included with every Orion Star A and Versa Star Benchtop meter, the electrode stand holds a variety of sensors for easy placement in and out of samples, as well as consolidated rinsing between samples.

## Meter Accessories

Reliable protection and easy organisation for your portable meter.

## Portable Meter Accessories

### Portable Meter Armour

Because anything can happen in the field, add extra protection with durable portable meter armour.

Included with all Orion Star A portable meter kits, the armor features dedicated holders for pH, conductivity and dissolved oxygen sensors. An adjustable wrist/belt strap can secure the meter to fixtures such as pipes, or converts into a built-in meter stand.

### Hard-sided Field Case

Our field case is specially designed to efficiently transport everything you need for field measurements. Sensors can stay connected with the meter while in the case. A removable door makes it easy to use the cable management system.

The field case, which is included with all Orion Star A portable meter kits, helps you stay organised while protecting your instrumentation
